Internet Fax Services

IntuComm offers a cost-effective alternative to traditional faxing systems. IntuFax allows you to send and receive faxes securely by e-mail.

Whether at home, at the office, or on the road IntuFax will support all of your faxing needs.

With unlimited storage important faxes will never need to be deleted. Improve time management because faxes are in electronic format and time spent shredding them can be better utilized.

IntuFax is available for residential and or business applications.

- ◆ Unique and personal fax numbers
- ◆ Receive faxes by e-mail
- ◆ Toll Free numbers available
- ◆ Access faxes from anywhere
- ◆ Send faxes to multiple e-mail addresses
- ◆ Free online fax storage
- ◆ Free Customer Support
- ◆ No additional hardware required

Who is IntuComm?

IntuComm is a full service IT & Telecom solutions provider operated by Veterans committed to giving back to Veterans. Our offices are located in St. Paul/Minneapolis and Hibbing, MN.

The MFPP Mission

MFPP is a monthly fundraising program designed to give back to Veterans through the Department of Minnesota, VFW.

What is the MFPP program & how will it help Veterans?

The Department of Minnesota, VFW and IntuComm Technologies partnership is the first ever monthly revenue generating program.

MFPP is an addition to the fundraising programs the VFW uses to help our Veterans.

MFPP is designed to provide a monthly benefit from the services offered through the program to the Department of Minnesota, VFW.

Signing up is simple and the program is available to anyone willing to "Honor the dead by helping the living".

Help our Veterans today!

MFPP Program Services

- ◆ **Local Telephone Services**
- ◆ **Internet VoiceMail Services**
- ◆ **Internet Fax Services**
- ◆ **Internet Access (DSL/Dial-up)**
- ◆ **Web Deign/Development and Hosting**

Telephone/Voicemail

IntuComm proudly introduces a local telephone and voicemail package for all of your home and business needs.

The MFPP program affords the monthly residual from our most basic of services, plain old telephone with voicemail.

Residential phone packages can also include unlimited long distance. Business long distance packages are the lowest in the industry.

Sign up for one of our Business packages and receive 20 of the most popular feature sets for one low price. Our features deliver a competitive advantage with big savings.

Internet Voice Mail

IntuComm offers a cost-effective alternative to traditional answering systems at home or at the office.

Whether it's used for residential or business you can operate just like a Fortune 500 company with professional greetings, call routing and instant voicemail message notification.

Retrieve messages from your phone, through e-mail or on the web and never need to delete your important messages again.

- ◆ Never miss a call
- ◆ Simple to use and easy to set up
- ◆ Voice mailboxes are never full
- ◆ Customize greetings
- ◆ Receive voicemails by phone, online or via e-mail
- ◆ No hardware required
- ◆ Send voicemail to multiple e-mail addresses and/or multiple voicemail boxes

Call today to participate in this great program!!

Effective upon Customer's execution of this document, D.T.I., Inc. is authorized to request and receive data and billing information including Customer Proprietary Network Information), a copy of records for the for the telephone numbers listed including, but not limited to, associated line features from Customer's existing provider, and to investigate Customer's credit history to full extent permitted by applicable law, including authorizing D.T.I. to make inquiries concerning Customer's credit worthiness and authorizing financial institution vendors and others to disclose Customer's credit information to D.T.I.

Effective upon Customer's execution of a Master Service Agreement ("Agreement") with D.T.I., this Letter of Agency will at that time authorize D.T.I. to act as Customer's representative for telecommunications services. An executed Letter of Agency and Agreement validates Customer's selection of D.T.I. as its preferred provider for the following service(s) for the telephone number(s) listed:

- Local Exchange Service (Local Telephone)
- International Service
- Toll Free Service
- Local Long Distance Service (in state)
- Long Distance (out of state)

After execution of an Agreement by Customer, this Letter of Agency will authorize D.T.I. to notify Customer's current local and/or long distance service providers of Customer's telecommunications choices for the above location and any indicated on the Service and Price Addendum attached to the Agreement. Customer understands: 1) that an executed Letter of Authorization and Agreement will change the selected service providers; 2) each telephone number may have only one preferred provider for each service, and; 3) our current local service provider may apply a charge for this change.
